

Animal Instinct

Animal Instinct

Patterns that imitate those seen in nature –

Fashion trends emphasize animal prints and fur as key elements of bold, nature-inspired aesthetics.

Expect animal prints to be reimagined in oversized coats, short jackets, statement accessories, and cozy layers, bringing a wild yet sophisticated energy to the season.

RUNWAY INSPIRATION

Animal prints made a bold statement on the runway, appearing in various forms across the collections. Zimmerman, Balenciaga, Versace, Marni, Blumarine, and Dior embraced animal prints for a fierce yet sophisticated look.
