Women's trendy jackets inspired by runway fashion and vintage appeal

BOUCLE / TWEED Fabrics

Top performing and highly functional, tweed is a fabric that makes a statement. It boasts a natural feel that gives the wearer a distinct look.

Tweed is naturally woven to be thick and tough which is ideal fabric choice for suiting and outerwear. It used to be characteristic of rural living, which is now being used in modern times as a fashion statement.

Generally, tweed and boucle cloths are used interchangeably by most people. While tweed is thick, sturdy, and tough, Boucle is soft, springy, and loosely woven.

Inspiration

PT. Pinnacle Apparels brings you a timeless classic collection of Boucle/ Tweed jackets for Fall Winter 2024 season.

Fabrics that features blends of culture from British heritage, American tradition, and an Irish or Scottish style to keep you warm, while maintaining a fashionable and distinct form and texture.
